RECORD ATTENDANCE.

This Claim Made by the Citizens of Dallas.

Dallas, July 16.—Never, probably, in the history of Texas was there a greater gathering in any city than that of Thursday at Dallas. Trains from every direction were loaded, and during the progress of the Elks' parade fully 125,000 persons witnessed it. All along Ervay, Commerce, Main and Elm streets, the thoroughfares traversed, the sidewalks were a mass of humanity. At the dinner hour, also at supper time, never before were eating places so taxed.

The parade, which was over four miles long, was constantly cheered. The day was clear, but despite the heat the long march programmed was carried out to the place of disbanding.

The costumes evoked applause continually. Austin lodge got first prize for the best uniform, Mineral Wells second and Waco third. The members of the Austin lodge were arrayed in red coats, white hats and white shoes. The Mineral Wells "Hello Bills" was mounted on donkeys, while the Waco Elks had a splendid imitation of a sternwheel steamboat navigating the Brazos, cotton bales, etc.

The Bonham lodge had a billy goat painted purple. Two persons terming themselves flood relics represented Jamestown, Pa.

Walla Walla, Wash., had one member, who wore an immense hat.

The lodge from Colorado Springs, Col., was attired in Holland costumes in honor of Bro. Holland, one of their members, elected grand exalted ruler.

For those coming over seventy-five miles having the greatest number in line Waco got first prize, Austin second and Houston third.

Fort Worth got first prize for having the greatest number in line, Sherman second and Corsicana third.

The Sherman Elks were arrayed in college gowns and caps and were accompanied by two bevy of beautiful young ladies.

There were about 20,000 persons in line.

There were a number of bands and "Dixie" was the chief melody rendered. The Wichita, Kan., band, though from Colorado Springs and the Ada Butler band, the latter composed entirely of women, attracted much attention. The Ada Butler musicians were in two automobiles, which went abreast.

For the best decorated hotel the Oriental was awarded first prize and the Elite for the best adorned restaurant.

For the best decorated building first prize was awarded the Dallas News.

BLUEJACKETS TO SEE HONOLULU.

Something About the Wonderful Hawaiian Islands, Strategically Located in the Pacific.

Washington, D. C., July 16.—The American fleet of sixteen battleships will mark off another stage of its globe-girdling journey when it drops anchor in the harbor of Honolulu today. Recent dispatches from the capital of Hawaii tell of elaborate plans that have been made for the entertainment of the officers and men of the fleet during their week's visit there. Of all the places to be visited by the fleet on its cruise around the world it is safe to say that none offer more attractions for the visitors than Honolulu and the Hawaii Islands, which were annexed to the United States in 1897.

The Hawaiian group, tropical, volcanic, beautiful, lies more than two thousand miles from San Francisco and about three thousand miles from the nearest mainland to the far west. Nowhere in the world is there to be found a more attractive and delightful country. Eight islands comprise the group. Hawaii, Oahu, Kauai, Maui and Molokai are the principal ones. Situated within the tropics, but swept by the trade winds, with a boundless expanse of sea on every side, and mountains towering thirteen thousand feet above the ocean level, with an almost daily gentle rain on the windward and almost absolute dryness on the leeward side, the whole island group is a natural sanitarium.

Oahu is the principal island of the group. The city of Honolulu is situated on it, and over two-thirds of the population and wealth are on this island. The entrance to the harbor of Honolulu is one of the most charming in the whole world. The water is a peculiar deep blue, and the great crescent bay is fringed by rolling hills that rise one above another and are green-thatched by thousands of picturesque coconut trees, waving palms and banana trees. In the background, rearing themselves several thousand feet high, are to be seen torn and serrated lava mountains, enveloped in verdure of the richest hue.

TABOR NEWS.

Tabor, Tex., July 14, 1908.

Well, as I haven't seen anything from this part of the world in a good while, I will step in and give a few dots. Most all the farmers are very busy laying their crops by. I am sorry to say there is a good deal of sickness in our community now.

Several of our Alexandria people attended the all-day singing at Wheelock Sunday and all report a good time.

Miss Lula Ball, who is attending the summer normal at Franklin, visited home folks Saturday and Sunday.

Mrs. Maggie Horten has returned from a visit to Call, accompanied home by her granddaughter, Miss Minnie McCallum. Glad to see you, Minnie.

A right good crowd attended Sunday school here Sunday evening. Success to J. S. Henry, as he is a new superintendent.

BRYAN REJOICES.

Walla Walla, Wash., Elects a Democrat Mayor.

Lincoln, Neb., July 16.—The defeat of a Taft man for mayor of Walla Walla, Wash., a Republican stronghold, caused much jubilation at Fairview. With unfeigned delight Mr. Bryan gave out a telegram from W. H. Dunphy, Democratic leader of Walla Walla, which reads:

"Democrats of Walla Walla, Wash.,

LEVI ANKENY.

send greetings. As the first favorable augury victory, at Wednesday's election in this city, the home of Senator Ankeny, heretofore a Republican stronghold, elected Taustic, Democrat, for mayor over McKean, Republican, by a majority of 942. McKean is president of the local Taft Republican club."

Girl Fires at Father.

New York, July 16.—Eighteen-year-old Sarah Comiskey created a lot of excitement opposite police headquarters at New Rochelle, by firing several shots at her father, Sarman Comiskey.

According to the police the father left his family in New York some time ago and went to board at New Rochelle. He told his fellow boarders to warn him if his daughter ever called on him, as she would probably try to make trouble.

When the girl came out from New York Comiskey was warned. He went direct to the police station to ask for protection. As he left the station he met his daughter, who had followed him. She drew the revolver and opened fire. One of the shots wounded Comiskey slightly in the head. The girl was disarmed and locked up. She said she had emulated Sarah Koten in shooting her father, since he had deserted her mother and herself. She is thought to be demented.

Printer Uses Knife.

Baton Rouge, July 16.—A. K. Faust, private secretary to Congressman Favrot, and former editor of the Baton Rouge Times, was dangerously stabbed by Edward George, a printer. George also cut Miss Claire Bates, a bookkeeper, in the cheek and arm when she attempted to protect Faust. Miss Bates had refused permission to George to enter the office of the Daily States, where she was at work. Faust was sitting in the office, when George rushed in, and began stabbing him in the neck and head. Faust afterwards said that George had tried to forbid Miss Bates speaking to him.

To Prevent Tuberculosis Spread.

New York, July 16.—Governors of the stock exchange have taken steps to prevent the spread of tuberculosis through employees. Physicians are employed to examine 300 telephone clerks. Several cases of infection have been discovered. Whenever a clerk is found with tuberculosis the exchange will pay for treatment at a sanitarium.

Bail Reduced.

Los Angeles, July 16.—United States District Judge Wellborn denied the application for bail of Ricardo Flores Kagon, Antonio Vallareal and Librado Riveria, alleged Mexican revolutionists, on the ground that he has no jurisdiction in the case since they have appealed to the United States supreme court.

Blows Off Top of Head.

Houston, July 16.—J. C. Witt, aged forty, manager of the Postal Telegraph company here, committed suicide at 1 o'clock Thursday morning by shooting himself twice with a pistol. One bullet penetrated his breast and the second entered his mouth and blew off the top of his head.

Due to Rifle Explosion.

Muskogee, Okla., July 16.—Ward Fine, aged fourteen, died of lockjaw as the result of the explosion of a twenty-two calibre rifle, which he was shooting. The powder being blown into his hand. The accident happened four days before.

Hustled to Houston.

Beaumont, July 16.—After a stormy night, during which two negroes, one believed to be guilty of assault on a thirteen year old girl, were hustled about over town in buggies, carriages and on foot by Ranger Hammer, a police officer and deputy sheriff and finally got out of town and down the Gulf and Interstate railway bound for Houston.

BRYAN, TEXAS, JULY 17, 1908

Texas never needed a great leader more than she does today. A million dollars would be cheap for a man of heroic mold—one like J. S. Hogg.

There are farmers in Texas who are netting \$200 per acre on Irish potatoes. How many of them live in Brazos county?

If the farmers were completely organized their power would be irresistible. Even now with an imperfect organization it is felt as it never has before.

The first 100-bale shipment of this year's cotton left Galveston Wednesday for Liverpool. By August 1st, the new crop will be moving in quantity sufficient to affect business materially.

President E. W. Kirkpatrick of the Farmers' congress says an acre of ten-year-old pecan trees is worth a thousand dollars. No man who owns good pecan land can make a better investment for his children than the planting of pecan trees.

The paramount issue is "corporate greed and predatory wealth." This issue is not of Mr. Bryan's making, nor because it is given prominence in the platform. Public opinion is shaping the campaign along this line.

Roosevelt will be fooling away his time if he goes to Africa to hunt big game, leaving Wall street full of bears, the prohibition states infested with blind tigers and social lions roaming at large over the whole country.

Bryan was nominated on Friday, and will be officially notified on the 13th. Were he an ordinary man, the supposed evil charm might work, but such men as he are masters of destiny. For instance, Friday was the day on which Columbus set sail on his voyage to discover America.

Mr. Bryan was not nominated by the politicians; on the contrary, his nomination was wrestled from the party leaders by a spontaneous demand of the people. Every means that brains could devise or money put into operation was used to stay the rising tide of popular demand for Mr. Bryan as a leader. All over the country the people are hailing the nomination with acclamations of joy. It is a campaign of enthusiasm.

MISSISSIPPI CHAUTAUQUA ASSEMBLY.

Crystal Springs, Miss., July 16.—With the largest attendance ever recorded so early in the season, the Mississippi Chautauqua assembly is ready for its formal opening this evening. The assembly will continue for a period of ten days. The program is replete with interesting and instructive features. The speakers to be heard include Dr. S. C. Caldwell, Dr. George Summey, Dr. John A. Rice, Rev. Arthur Gringle, Hon. Harris Dickson, Dr. J. B. Hutton, and Dr. A. L. Phillips.

GETTING READY TO START CAMPAIGN.

New York, July 16.—The real work of the presidential campaign on the Republican side will soon be set in motion from this city. The fifteenth floor of the big St. James building is now being fitted up for use of the congressional committee and it is expected the entire force will move in within the next ten days. The national committee probably will have offices in the Metropolitan Life building, just across the street, as heretofore. In former years the two committees have done their work independently of each other, but in the present campaign the two headquarters will be connected by private telephone wires and it is expected they will work in close harmony.

POLITICS AND POLITICIANS.

Walter Alexander of Wausau is being mentioned as a possible candidate for the United States senate in the primary election fight to be held in Wisconsin this fall.

Charles W. Swisher, secretary of state of West Virginia, has been nominated by the Republicans of that state for governor.

The Independence league in California has decided to hold its state convention in Oakland early next month. The convention will consist of 294 delegates.

Iowa's supreme court has held constitutional the law giving women the right to vote on specific propositions for levying tax and issuing municipal bonds.

Five women were numbered among the delegates and alternates at the recent Democratic convention at Denver. At the Republican convention but one woman had a seat.

Major Beecher B. Ray, who has been placed in charge of the organized labor end of the Taft campaign, is a veteran member of the railway men's union and was a political lieutenant of the late Mark Hanna.

To avoid the expense of a state convention the Socialists of Illinois have issued no call for such a gathering. They have decided to name their presidential electors by petition.

President E. R. Wright, of the Illinois State Federation of Labor, has issued a letter urging organized labor in that state to support Governor Deneen for renomination at the primaries next month.

Lieutenant Governor Draper of Massachusetts will have no opposition for the Republican nomination for governor this fall. Three candidates are engaged in a spirited contest for the nomination for lieutenant governor.

The spread of the Socialist movement throughout the United States is beginning to attract the keen attention of the politicians. The indications are that the Socialists' party will nominate tickets in a large majority of the states this year.

Freeport, Illinois, is arranging to celebrate on an elaborate scale the fiftieth anniversary of the second great Lincoln-Douglas debate, which was held in that city August 27, 1858. Senator Dooliver of Iowa will be one of the speakers.

A delegated convention of the Republicans of Texas has been called to meet in Houston on August 11. The convention will elect a state executive committee and nominated presidential electors and a full state ticket.

Five candidates are contesting for the Republican nomination for governor of the state of Washington. They are Governor A. E. Mead, former Governor McBride, Attorney General Atkinson, Colonel Ridpath of Spokane and Samuel Cosgrove, a member of the legislature. The contest will be settled at the general primary in September.

George R. Sheldon, the new treasurer of the Republican national committee, has been prominent in the financial and political life of New York for many years. He is a banker and is identified with many financial and industrial companies. He was a member of the Republican national committee in 1903 and 1904, treasurer of the New York county Republican committee for several years, and treasurer of the New York state committee during the last gubernatorial campaign. At the present time he is the president of the Union league of New York. He is 51 years old.

SHIP LOAD OF PILGRIMS.

New York, July 16.—A contingent of Catholic pilgrims 200 strong left this port today on the Cunard liner Carpathia, bound for Rome and a grand tour of Europe. The pilgrims represent many parts of the United States and Canada. Rev. James H. McGeon of St. Peter's church, this city, is the spiritual director of the pilgrimage. After stops at Gibraltar, Naples and other points of interest the party will reach Rome about the middle of August. An audience with the Pope has been promised the pilgrims. After a week in the Eternal City the pilgrims will travel through France, Belgium and Holland, finishing in England and Ireland.

POPULAR EXCURSION.

Tickets will be sold for trains arriving in Houston and Galveston on the evening of July 18th and Sunday morning, July 19th. Good to return leaving Galveston on or before Monday, July 20th. For rates and information regarding train service, etc., see I. & G. N. agent.

FINISHING WITH THE GRADERS.

By invitation of Mr. Shelburne, who is superintending the work, a representative of the Eagle went out yesterday afternoon to see the graders putting the finishing touches on the first section of the Carter's creek road near the Villa Maria Ursuline Academy. The plows and scrapers have done their work well, making a good wide, well drained roadbed with open ditches on each side to carry off the water. Now the graders are culling off the bumps and filling up the depressions, making it smooth and free from jolts.

It is a beautiful piece of road, commanding one of the best views of Bryan and the surrounding country. It is perhaps the only road from which can be seen at one time all the great schools which have made Bryan famous. On the north side fronting on the broad plateau of Villa Maria with its beautiful building surrounded by ample grounds. In the edge of the city are the buildings of Allen Academy. To the southward is the Bryan High School in the midst of clustered homes of citizens. Farther to the left stands isolated the imposing building of Texas Woman's College. On the southern horizon, across the valley formed by the head tributaries of Carter's Creek loom up the group of buildings of A. and M. College. It is a beautiful panorama and in connection with the excellent road will make this one of the most attractive drives in the vicinity of the city.

WANTED—BIDS ON WOOD.

Sealed bids will be received up to 12 o'clock noon Saturday, July 18th, 1908, for 100 cords of good merchantable wood to be delivered at the city schools by September 1st, 1908.

SEWING NEEDLE IN HAND.

Wednesday afternoon Mrs. B. White happened to a peculiar and quite painful accident which might have resulted seriously. While engaged in rinsing a pair of lace curtains, her left hand was brought sharply in contact with a small sewing needle which had been stuck in the fabric, and a part of the little instrument penetrated the palm of her left hand. A physician made an effort to extract the piece of metal, but was unable to locate it.

VALUABLE COLT KILLED.

A thoroughbred Blondwood colt, the property of Mr. W. O. Hearn, proprietor of the Bryan steam laundry, was impaled on the sharp pickets of a fence at his home yesterday afternoon and sustained such serious injuries as to necessitate it being killed. The colt with its mother was confined in a lot on the premises of Mr. Hearn and in attempting to follow the older horse, which cleared the fence easily, was entangled in the palings. Mr. Aubrey Foreman, an employe of the laundry, witnessed the accident and endeavored to extricate the animal, receiving a blow from one of its hoofs as it floundered about which laid open the flesh just over his eye, constituting a very painful wound. Several stitches were taken by a physician in order to close the cut.

The colt was about two months of age, and with its pedigree and splendid development was considered a very valuable animal.

PRINCE OF WALES OFF FOR AMERICA.

London, July 16.—The Prince of Wales is now en route to Canada. The superb cruiser Indomitable, upon which the heir to the throne is traveling, departed today from Portsmouth, under escort of the cruiser Minotaur. The two vessels are now far out to sea on their first day's journey.

The Prince of Wales is accompanied to Canada by a very brilliant staff. It includes Lord Annaly as Lord-in-Waiting; Lt. Col. Sir Arthur Bigge, who has been private secretary to the Prince of Wales for a number of years, and prior to that time was Queen Victoria's private secretary; Sir Francis J. S. Hoywood, who has been permanent secretary of the Board of Trade since 1901, and Commander Sir Charles J. Cust, Bart., and Captain Bryan G. Godfrey Faussett, as equerries.

WAS NOT HYDROPHOBIA.

A calf died yesterday afternoon at the home of Mr. Sam Buchanan displaying symptoms so nearly like those of hydrophobia that for a short while the family and neighbors were apprehensive that the animal had been suffering from the dreaded malady. Assistant Veterinarian, Dr. Marstella of the A. and M. college was summoned, however, and upon a thorough examination of the body determined that death had ensued from fever and congestion.

Kemper McHaney left yesterday for Longview.

J. W. Williams, Jr., has returned from McKinney.

Joe Adkins of near College was in town yesterday.

Joe Beal and Ira Bond of Prospect were in the city yesterday.

Mr. and Mrs. M. S. Edge and son Harry, have returned from a visit to Morgan.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effects are charming, pleasantly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Brise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

INFATUATION AT AN END.

Miss Bloomberg Expires In a Short Time.

POISON THOUGHT REASON.

Dead Woman Said to Have Statek That il She Could Not Wed Married' Man Held: It Was Her Intention to Even Remain Single.

Chicago, July 16.—Miss Ella Bloomberg, twenty-five years old, a dress-maker, died suddenly at the home of Mrs. Carl Heidelman, in Maywood, under circumstances which point to a possible murder by poison.

William Golden was arrested at a drugstore, where he was employed, and was held in connection with Miss Bloomberg's death. He refused to talk except to admit that he had been with Miss Bloomberg Tuesday night.

Mrs. Heidelman at the inquest testified that she heard Miss Bloomberg groan and on going to her room found her unconscious. An unlabelled bottle was near her side partly filled with a drug. She died soon after a physician arrived. The doctor was unable to tell the nature of the poison.

J. Bloomberg, father of the dead woman, testified that his daughter met Golden six years ago at New Orleans and traveled considerably with him in the west and south. For more than a year, according to the father, his daughter was unaware that Golden was married, but her infatuation was so great that when she learned of this she refused to give him up. She frequently insisted, he said, that she would marry Golden or remain single. Two months ago she left home, and since that time had resided at the Heidelman home.

A \$500 insurance policy was carried by Miss Bloomberg. The payments on it are said to have been made by Golden.

SCANLON SELECTED.

Made Permanent Chairman of Prohibition Convention.

Columbus, O., July 16.—At the opening of the Prohibition national convention Thursday the committee on permanent organization reported as permanent chairman Charles Scanlon of Pittsburg. In all other respects the temporary organization was made permanent. The report was unanimously adopted.

The situation in regard to candidates was not early Thursday changed from the previous night, except that Robert Patton of Illinois, whose address as temporary chairman of the convention made him a possibility, insisted that the condition of his health is such that it would be out of the question to accept the nomination.

The resolutions committee finished the tentative draft of the platform at an early hour Thursday, but declined to make its findings public. The platform is substantially as outlined.

Important Rulings.

Washington, July 16.—The interstate commerce commission has announced several important rulings. One holds where shipment is possible by two routes, the direct route is reasonable. The case was raised where shippers were charged 22 cents for a 358 mile haul; although by a different routing of 617 miles the tariff would have been only 19 cents. Reparation is denied shippers.

The commission frowns on the practice of carriers leasing part of property for an industry in consideration of all shipments being made over its road.

Demonstration Threatened.

Wellington, New Zealand, July 16.—Socialists in Auckland are threatening to hold a demonstration of the unemployed as a protest against public expenditures incidental to the reception of the American fleet.

In the house of the assembly Mr. Macolin, one of the members, declared there was danger from the visit of the American fleet which might cause the coloists to place dependence on the United States rather than on the motherland. He, therefore, regretted the invitation had been given.

Three Dead, Several Injured.

Boston, July 16.—Two men were killed and several injured in an explosion on Pier 47, Mystic wharf, Thursday. Among the injured was United States Appraisers Examiner Atwood, who was taken to a hospital, where he died a little later. The two killed outright were laborers.

The explosion was in the locker which, it is believed, contained fireworks.

Prelate's Remains Interred.

Wilmington, Del., July 16.—With solemn requiem mass the remains of Rt. Rev. Alfred A. Curtis, until recently vicar general of the Catholic archdiocese of Baltimore, and formerly bishop of the diocese of Wilmington, were interred at this city. The services were held at St. Peter's cathedral.

No Evidence to Convict Her.

Claremorris, Ireland, July 16.—At the assizes Mrs. Margaret Clary, who was committed on May 29 for trial on charge of having murdered her husband, Thomas Clary, was acquitted in the absence of any evidence to show she administered poison to him.

Village Nearly Wiped Out.

New Philadelphia, O., July 16.—Village of Baltic was nearly wiped out by fire. Loss is about \$100,000.

Much Wheat Comes In.

St. Louis, July 16.—Wheat receipts Wednesday were 131,000 bushels.

LAUNCH FOUNDERS.

Twenty-Five Persons Believed to Have Perished.

Manila, July 16.—A pleasure launch bound from Manila to Corregidor Island, carrying about seventy-five passengers, was caught in a typhoon Thursday and foundered. It is believed twenty-five passengers, including three American, drowned. The others were picked up by the British steamer Suveric, which was passing close to the launch when it foundered.

The platform as adopted demands submission by congress to the states of an amendment to the Federal constitution prohibiting the manufacture, sale, importation, exportation or transportation of alcoholic liquor for beverage purposes; immediate prohibition of liquor traffic for a beverage in District of Columbia; selection of senators by direct vote; graduated income and inheritance taxes; postal savings banks; strict enforcement of law against social evil; uniform marriage and divorce laws; employers' liability act; prohibition of child labor in mines, workshops and factories; suffrage based on ability to read and write English; and preservation of mineral and forest resources of the country and improvement of highways and waterways.

Over Five Hundred Went.

Waxahachie, Tex., July 16.—More than 500 people went from here to Dallas to witness the Elks' parade. Four special trains over the Katy were loaded. Two regular trains were crowded, as was also the special over the Brazas Valley.

Eleven Hundred Tickets Sold.

Waco, July 16.—Katy sold Thursday 1,100 tickets to Dallas for Elks' parade.

An Ordinance Entitled on and Regulating Running at Large of Dogs.

Be It Ordained by City Council, City of Bryan:

Section 1. That it shall be unlawful for the owner of any dog to permit such dog to run at large within the corporate limits of the city of Bryan during the months of June, July and August unless such dog shall have on a muzzle sufficient to keep said dog from biting.

Sec. 2. That any person violating the preceding article of this ordinance shall be deemed guilty of misdemeanor, and, upon conviction, shall be fined in any sum not less than one nor more than one hundred dollars; providing, however, that city attorney may dismiss prosecution against person for violating this ordinance upon their payment of their impounding fee hereinafter allowed the city marshal and costs of such prosecution.

Sec. 3. That it shall be the duty of the city marshal or some one deputized by him to take up and impound all dogs found running at large in violation of this ordinance, and safely keep such dog for a period of forty-eight hours, and use diligence to ascertain the owner of same. If owner of such dog cannot be ascertained, and no person appears and claims such dog and pays the impounding fee, within forty-eight hours after such dog is so impounded, then it shall be presumed that such dog is of no value to the owner, and it shall be the duty of the city marshal or some one appointed for the purpose, to kill such dog in a manner deemed most practical.

Sec. 4. For every dog impounded the city marshal shall be entitled to an impounding fee of one dollar, to be paid by the owner of such dog impounded, and the further sum of twenty-five cents for every dog killed in compliance with this ordinance; and all fees collected by the marshal are to be applied by him to the payment of expenses incurred in taking up and impounding such dog.

Sec. 5. This ordinance shall take effect at once after publication.
